The Dobro and Christmas Music

The dobro, or resonator guitar, is a unique and versatile instrument that lends itself beautifully to the warm and mellow melodies of Christmas

music. Its distinctive sound, produced by a metal resonator cone behind the bridge, adds a resonant depth and sweetness to each note.

The dobro's open tunings, such as GBDGBD and DGBDGB, create a rich and resonant chordal sound that provides a solid foundation for Christmas carols and holiday tunes. The instrument's slide technique allows for smooth and expressive melodic lines, capturing the essence of the season's cheer.

Lee Drew Andrews: A Master Dobro Instructor
