Unveiling the Frontiers of HCI Research

The HCI International 2024 Late Breaking Posters present an unparalleled opportunity to engage with the latest advancements and emerging trends in Human-Computer Interaction (HCI). This prestigious event brings together leading researchers, practitioners, and industry experts from across the globe to share groundbreaking work that is shaping the future of our digital experiences.

The Late Breaking Posters provide a platform for the presentation of innovative and original research in all aspects of HCI, including:

- User Experience (UX) Design and Evaluation
- Human Factors and Ergonomics
- Social and Cultural Aspects of HCI
- Mobile and Ubiquitous Computing
- Virtual and Augmented Reality
- Healthcare and Medical Informatics
- Education and Learning Technologies
- Artificial Intelligence and Machine Learning in HCI

Attendees will have the chance to explore a diverse range of research posters, each offering a unique perspective on the state-of-the-art in HCI. These posters will showcase the latest breakthroughs, design practices, and technological advancements that are driving progress in this dynamic field.

Connecting with the HCI Community

Beyond the presentations, the Late Breaking Posters also serve as a vibrant hub for networking and collaboration. Attendees can connect with researchers who share their interests, exchange ideas, and forge lasting connections that foster future collaborations.

The event offers a dedicated space for poster discussions, where authors can present their work and receive feedback from attendees. This

interactive format allows for in-depth conversations, knowledge sharing, and the generation of new insights and ideas.

Attendees will also have the opportunity to engage with industry leaders and explore potential research partnerships. The Late Breaking Posters provide a valuable platform for showcasing innovative concepts and establishing connections that can lead to real-world impact.

Call for Late Breaking Posters

Researchers and practitioners are invited to submit their original and unpublished work for consideration as Late Breaking Posters at HCI International 2024. The posters should present novel research findings, innovative design solutions, or thought-provoking perspectives that contribute to the advancement of HCI knowledge.

The submission guidelines and deadlines will be announced later this year. Interested authors are encouraged to visit the HCI International 2024 website for updates and further details.

Witness the Evolution of HCI at HCI International 2024

The HCI International 2024 Late Breaking Posters are an essential event for anyone passionate about the future of Human-Computer Interaction. Join us in Athens, Greece, from July 8-12, 2024, to experience the latest research, connect with the global HCI community, and drive progress in this exciting field.
