Design Details

Our woodland fairy silhouette cross stitch pattern is a miniature masterpiece, measuring a mere 4 inches by 4 inches when stitched on 14-count Aida fabric. Every stitch is meticulously placed, capturing the delicate features of the fairy's silhouette against a serene woodland backdrop.

The pattern features a variety of stitches, including full crosses, half crosses, and backstitching, creating a rich and textured effect. The use of subtle shades of green, brown, and silver thread evokes the tranquility of a winter forest, while the fairy's flowing gown and gentle gaze add a touch of enchantment.

Materials and Instructions

To create your own mini Christmas woodland fairy silhouette cross stitch, you will need the following materials:

- 14-count Aida fabric in white or cream
- DMC embroidery floss in shades of green, brown, and silver
- Embroidery needle
- Scissors
- Cross stitch hoop (optional)

Once you have gathered your materials, follow these step-by-step instructions:

1. Thread your embroidery needle with two strands of green floss and begin stitching the outline of the fairy's silhouette using full crosses.
2. Switch to brown floss and fill in the body and wings of the fairy with half crosses.
3. Use silver floss to backstitch the fairy's flowing gown, creating a shimmering effect.
4. Add details such as the fairy's eyes, nose, and mouth using backstitching or French knots.
5. Embroider the woodland background using a variety of green shades and stitches, such as cross stitches, satin stitches, and lazy daisy stitches.

6. Finish your cross stitch by securing the threads and trimming any excess fabric. Frame your mini masterpiece and enjoy its festive charm all season long.
